

**Step 1:** Visit our website at [www.cellguardians.com](http://www.cellguardians.com) and register a Guardian account. Registration is free and easy! Just select the orange Register for free button.

**Step 2:** Enter a valid email address, password, and confirm password in their respective fields on the Register with CellGuardians page. Also, select the app version you are interested in by choosing the radio button for that version. Once the information is entered correctly, click the Register button to create your account.

**Step 3:** An email from [noreply@drivingreceptionistpro.com](mailto:noreply@drivingreceptionistpro.com) will be sent to the email provided. Access that email and select the Confirm email address link to complete registering the account. Once confirmed you will receive another email which includes your *license number*. You will want to keep this as it is used to sync to the mobile app. The *license number* can also be accessed on the website in your account settings.

### Welcome Guardian!

Welcome, thank you for registering as a guardian for CellGuardians. This email contains your license number. Please store your license number in a safe place. After the CellGuardians mobile app is downloaded onto a phone, the app installation process will require the user to insert the license number in order to sync the phone to your Guardian account. Upon successful syncing of the phone to your account, you'll be able to manage and configure CellGuardians to adjust applications available to the user.

MI Technical Solutions (MITS) will contact you at this e-mail address when CellGuardians is available for downloading.

License Number: [REDACTED]
